About Company

Mishra Refrigeration Engineers Pvt. Ltd.

incorporated in 2007 under the leadership of Mr. Kartik Kumar Mishra, is a trusted name in the field of air-conditioning sales, electronic products, and HVAC solutions. With a vision to deliver reliable, energy efficient, and customer centric cooling systems, the company has steadily expanded its footprint across retail, institutional, and project execution formats. Over the years, we have built strong partnerships with leading brands such as Hitachi, Voltas, Panasonic, LG, IFB, Daikin, Mitsubishi Electric, O General, Racold, Ferroli, and Bluebird, ensuring quality offerings across every segment we serve.

Whether it's residential spaces, commercial buildings, or large-scale industrial requirements, our solutions are backed by deep technical expertise and a commitment to excellence. Headquartered in Noida, we continue to grow across North India with a focus on innovation, service integrity, and long-term client relationships.

Chairman's Desk

Mr. Kartik Kumar Mishra

It gives me immense pride and satisfaction to reflect on the journey of our company since its inception in 2007. What began as a humble initiative in the field of air conditioning has today evolved into a trusted name known for reliability, quality, and customer centric. Over the years, we have continuously adapted to

Director

changing technologies and customer expectations, building strong partnership with leading brand and delivering comprehensive solutions across retail, projects, wholesale, and spares segments. Our success has always been rooted in our values integrity, dedication, and a commitment to excellence. As we continue to grow, we remain focused on innovation, skill development, and delivering sustainable cooling solutions that enhance the lives of our customers. I thank our customers, partners, and dedicated team members who have been integral to this journey. Together, we look forward to a future filled with new milestones and continued success.

Creative Team

Mr. Sheshnath Mishra

Over the past three years, I have had the opportunity to actively contribute towards the growth and expansion of our company a legacy established by my father, Mr. Kartik Kumar Mishra. It has been a period of learning, growth, and meaningful progress. Building upon the strong foundation laid by my father, I've worked closely with

CEO

our teams to explore new formats, strengthen operations,

and bring a sharper focus on customer experience and operational efficiency. Our expansion has not only been about increasing numbers, but about adding value to every stakeholder clients, partners, and team members alike. As we move forward, I remain committed to innovation, digital transformation, and upholding the principles of trust and excellence that define our legacy. This journey is not just a business venture, but a shared responsibility to carry forward a vision and I am both humbled and proud to be part of it.

Creative Team

We have team of highly skilled and well trained technicians for installation, gas charging, testing and all type of services duly backed by complete technical support from their OEM's(Original Equipment Manufacturers).

#Sales Is Temporary Service Remains Forever”

Our AMC division specializes in providing preventive maintenance and periodical services of electronic goods of commercials and industrial establishments, Residential buildings & villas e.g.

We are driven by specialized teams in Sales, B2B Sales, Service, and Logistics working together to ensure efficient execution, customer satisfaction, and seamless delivery.

Our Vision

To become a leading pan-India provider of air conditioning and home electronic solutions by delivering technologically advanced, energy efficient, and customer-focused offerings across residential, commercial, and institutional sectors.

Our Mantra

At Mishra Refrigeration Engineers Pvt. Ltd., we firmly believe that “Sales is temporary, service remains forever.” This philosophy drives every interaction we have with our customers. While a sale may mark the beginning of a transaction, it is the quality, consistency, and sincerity of our service that builds lasting relationships. We recognize that true customer satisfaction comes not just from delivering a product, but from standing by our clients long after the installation is complete. Through timely support, transparent communication, and reliable after-sales service, we strive to create trust and loyalty that endures beyond the initial sale.

HVAC Solutions

Kitchen Ducting

A ventilation system that removes smoke, grease, odors, and heat from a kitchen, typically by channeling them outside the home.

Ventilation

A mechanism for managing air quality and temperature in an enclosed space, such as a building or room, by exchanging or replacing the air.

Fresh Air Ducting

The system of ducts within a building that deliver fresh, outside air to the HVAC system, which then distributes it throughout the building.

HVAC Solutions

Bathroom Fresh Air

It is designed to remove stale, humid air and odors from the bathroom and replace it with fresh, outside air.

Clean Rooms

A clean room is a controlled environment designed to minimize contamination by airborne particles, used in industries like pharmaceuticals, electronics, and biotechnology.
